"The classes weren't as hard as I thought they were going to be. The teachers I had were awesome. It really helps if you want to be here. I was able to get a scholarship to help pay for my GED classes. I am grateful for everything."

— *Kelly W.*

"ABE class helped me open my mind to be willing to risk being in school again. My self-esteem has increased and I really don't stress out about school anymore. I have courage to apply myself and learn things I couldn't learn before. I now believe I can really achieve anything I put my mind to."

— *Jamie A.*

"The teachers help with the lessons and there are small groups. I learn more in small groups. If you need to brush up on your reading and writing and math, ABE class is the place to be and it's free!"

— *Marquettus H.*

"What I like about reading, writing and math ABE is they help refresh my mind and help get me ready for the GED classes so I can pass the GED test. I would recommend these classes because they really get you ready for the GED classes."

— *Kevin H.*
